Finance & Analytics | Business Systems | Operations | Product | Consulting

EDUCATION

University of Washington Bothell

Bachelor of Arts in Business Administration | Aug 2026 | GPA 3.64/4.00

- **Academic focus:** Finance and Management Information Systems; Annual Dean's List 2024-2025; Summer 2026 GPA 4.00 across 25 credits
- **Relevant coursework:** Investments, Financial Policy and Practice, Business Finance, Financial Institutions and Markets, Database Systems, Software Engineering, Data Visualization, Business Statistics, Operations and Project Management

PROFESSIONAL EXPERIENCE

United Indians of All Tribes Foundation

Garden Intern Supervisor | Seattle, WA | Nov 2023 - Nov 2025

- Digitized a paper-based volunteer reporting workflow with online forms and Excel, reducing full quarterly report preparation from roughly **4-8 hours to about 40 minutes** while adding validation, error flags, correction workflows, Power Query, PivotTables and VBA/macros
- Developed the proposal and budget for an **awarded \$73,000 King County WaterWorks grant**; tracked spending, coordinated purchases with accounting/management and completed **8 quarterly compliance reports** across overlapping grant cycles
- Increased volunteer participation by approximately **70% year over year** through targeted outreach, consistent communication and local partnerships
- Designed and led a **6-week internship for 8 interns** using structured learning plans, check-ins, individualized feedback and performance metrics

Business Consulting Association - University of Washington Bothell

Student Consultant / Case Competition Team Lead | Sep 2025 - Jun 2026

- Completed **2 client engagements and 3 case competitions** spanning market research, pricing, community research, growth strategy, presentation development and final-deliverable QA
- For Sky Rivers Advisory, researched competitors, clients, pricing and marketing approaches and helped develop recommendations; the client described the final deliverables as **"five-star work"**
- Led a Major League Volleyball case team in research synthesis and presentation development for a **10-year media-led growth roadmap around a \$20M capital opportunity**; also led an ad hoc soybean/export team after original teammates withdrew

N&M Events

Event Staff / Operations Support | Kent, WA | Jun 2023 - Present | On-call family business

- Supported **50+ private, cultural and corporate events** for roughly 10-200 attendees through décor staging, setup, equipment, transportation, inventory and day-of client/team coordination

SELECTED PROJECTS

Monte Carlo International Expansion Research

B BUS 499 Independent Study | Python / Monte Carlo | Jun-Aug 2026

- Developed a 15-year, six-warehouse valuation framework covering **12 scenarios × 10,000 paths** with 23 stochastic country variables, empirical marginals, a 23×23 dependence matrix, FX/inflation, construction delay, dynamic WACC and financing continuation
- Separated a 21×21 AHP governance model from financial transmission and validated the archived V5 implementation with **75/75 core, 22/22 inflation/FX, 60/60 financing-invariant and 12/12 scenario-reproduction checks**

System - Personal Analytics Platform

Personal product/software project | Kotlin Multiplatform / Compose / SQLDelight / Supabase | Aug 2026 - Present

- Define product requirements, UI flows, analytics rules, offline/sync semantics and acceptance criteria for an Android/Desktop personal-data platform; directly read and modify Kotlin/SQL while using AI-assisted implementation and testing
- Designed local-first behavior around stable identity, pending mutations, conflict handling and historical immutability; repeatedly field-tested Android/Desktop behavior and used regression cases to drive fixes

Costco Five-Warehouse Capital Budgeting

B BUS 451 Team Project | Primary analytical lead | Summer 2026

- Modeled a **\$128.91M initial investment** with **\$140.96M base NPV, 25.58% IRR and 8.18% WACC**; scenario NPVs ranged from \$3.99M to \$326.13M, and the final recommendation used 100% internal financing

UniPath Student Lifecycle Platform

B BUS 489 Five-Person MIS Capstone | PostgreSQL / Python | Mar-Jun 2026

- Designed a normalized **34-table PostgreSQL schema/ERD** and independently built the Python POC for multidimensional ranking, semantic matching, calibrated admission estimates and academic-risk/early-warning workflows using synthetic/prepared data

Apple Fundamental Analysis & Equity Valuation

B BUS 454 Team Project | Valuation lead | Summer 2026

- Led FCFF, DDM and peer-P/E valuation work; final submitted values were **\$174.76/share, \$22.03 and \$140.55**, respectively, with a 9.01% WACC and 3.0% terminal growth in the FCFF case

SKILLS & CREDENTIALS

Finance & quantitative: DCF/FCFF, DDM, P/E/comps, NPV/IRR, CAPM/WACC, capital budgeting, scenario/sensitivity analysis, Monte Carlo, pricing/break-even, working capital, terminal value

Data & systems: Excel (formulas, PivotTables, Power Query, VBA/macros, validation, lookups, charts), Python/pandas/NumPy, SQL/PostgreSQL, Kotlin/KMP, Compose, SQLDelight, Supabase/Postgres, Git/GitHub, Tableau; Power BI working knowledge

Business delivery: process improvement, grant budgeting/compliance, stakeholder coordination, market/competitive research, country screening, product requirements, testing/regression, presentation and deliverable QA

Credentials: Bloomberg Market Concepts (completed); Business Analysis Techniques for Business Transformation - LinkedIn Learning (Jan 2026); Adult Mental Health First Aid (valid to Sep 2027); HSI CPR/AED/First Aid (valid to Dec 2026)
