Business Consulting Association, UW Bothell

Sep 2025 - Jun 2026

SELECTED STRATEGY PROJECTS

Costco Singapore Market Entry

Mar - Jun 2026

B BUS 480 Team Project | Country Screening / Financial Research / QA | Grade 4.0

- Spearheaded the country-screening model by structuring the framework, researching inputs, helping define criteria, and validating data/scoring; the team ranked **Singapore 7.50** versus 6.25 for South Korea and 5.35 for Japan.
- Extended the ranking into operating questions around pricing, membership economics, market conditions, startup capital, and implementation constraints rather than treating the highest score as an automatic recommendation.

WEBTOON Strategic Management Capstone

Summer 2026

B BUS 470 Four-Person Team Project | Strategy / Deliverable QA | Grade 4.0

- Owned assigned analysis covering organizational structure, Five Forces, competitor/Blue Ocean/CSR, company timeline, intra-firm value chain, and TMT/board matrix; presented slides 4-6.
- Reconciled citations, formatting, background consistency, and cross-section issues across the final deck to improve coherence between the team's strategic analyses.

Monte Carlo International Expansion Research

Summer 2026

B BUS 499 Independent Study | Strategy / Finance Decision Support | Grade 4.0

- Compared **12 country-type / rollout configurations** across 120,000 simulated paths, separating strategic importance from financial sensitivity and evaluating how financing constraints could change the realized expansion path.
- Used distribution-based NPV/IRR and completion results to frame expansion as a tradeoff among execution certainty, sponsor capital, timing, downside, and strategic completion rather than a single forecast.
