Recent UW Business Administration graduate with experience in operational workflows, grant and compliance reporting, program coordination, stakeholder communication, event execution, and process automation.

EDUCATION

University of Washington Bothell

Bothell, WA

Bachelor of Arts in Business Administration | GPA 3.64/4.00

Aug 2026

Academic focus: Finance and Management Information Systems | Annual Dean's List 2024-2025

PROFESSIONAL EXPERIENCE

United Indians of All Tribes Foundation

Nov 2023 - Nov 2025

Garden Intern Supervisor | Seattle, WA

- Rebuilt quarterly volunteer reporting from paper logs into digital forms and an Excel workflow, reducing end-to-end preparation from **roughly 4-8 hours to about 40 minutes** while adding validation and correction controls.
- Developed the proposal and budget for an awarded **\$73,000 King County WaterWorks grant**; tracked spending, coordinated purchases with accounting/management, and prepared **8 quarterly compliance reports**.
- Increased volunteer participation by **approximately 70% year over year** through targeted outreach, consistent communication, and partnerships with local organizations.
- Designed and led a **6-week horticulture and water-systems internship for 8 interns** using weekly check-ins, structured learning plans, individualized feedback, and performance metrics.
- Coordinated volunteer schedules, garden operations, community programming, and partner/resident communication while supporting day-to-day execution across changing operational needs.

N&M Events

Jun 2023 - Present

Event Staff / Operations Support | On-call Family Business | Kent, WA

- Supported **50+ private, cultural, and corporate events** for roughly **10-200 attendees**, coordinating decor staging, venue setup/layouts, equipment, transportation, inventory, and rapid day-of adjustments.
- Worked directly with family operators, clients, and event teams to interpret changing needs and translate them into setup and logistics decisions during live events.

CONSULTING & PROCESS PROJECTS

Business Consulting Association, UW Bothell

Sep 2025 - Jun 2026

Student Consultant / Case Competition Team Lead | Bothell, WA

- Completed **2 client engagements** and **3 case competitions** spanning research, scoping, analysis, recommendation development, presentations, team coordination, and final-deliverable QA.
- Led an ad hoc soybean-export case team after original teammates withdrew, delegated workstreams by strengths, and synthesized trade, finance, marketing, and contract research into a coherent recommendation.
- Led the Major League Volleyball case from research through final presentation, coordinating team contributions and consolidating strategic options into a 10-year media-led growth roadmap.

System (formerly MasterBase)

Aug 2026 - Present

Personal Product / Software Project | Workflow / QA Focus

- Define workflows, acceptance criteria, state rules, and failure behavior for scheduling, logging, history, analytics, offline edits, and sync behavior in a multi-platform personal-data system.
- Use staged validation, regression checks, and explicit task ownership to move AI-assisted implementation through development without treating a successful build as proof that the workflow is correct.

CommuteWise

2026

CSS 360 Software Engineering Team Project | Product / Process / QA Focus

- Contributed requirements consolidation, integration review, manual/user testing, bug identification, and final-release validation across multiple project phases for a map-based commute-analysis application.
- Focused on product/process and QA while another teammate drove much of the implementation, helping reconcile feature behavior and identify issues before release.

SKILLS

Operations: Process improvement, program coordination, stakeholder communication, grant budgeting/compliance, reporting, event logistics, training/intern supervision, deliverable QA.

Tools: Excel, Power Query, PivotTables, VBA/macros, validation, Python, SQL/PostgreSQL, requirements/workflows, testing/regression.
